

Traits of a Forever Friend

01

Trustworthy

A forever friend proves herself trustworthy, that she can be depended on to care and show it.

02

Observant

Even if long distant, she pays attention, remembers, and notices what her friend can't express.

03

A Good Listener

Conversation with a forever friend is priceless. Even better is if each offers the other the gift of listening.

04

Tough and Tender

A forever friend can discern when it's time to cry with you and when it's time to nudge you forward.

05

Knows Your Heart

Despite the upheavals of life, when you're on your best behavior or your worst, a forever friend knows your core, your heart.

06

Points You Back to God

When you're sad, heartbroken, angry, upset, lost, devastated, or celebrating a magnificent win, a forever friend will remind you to lean on, thank, and learn from God.
